RESOLUTION GOVERNING THE RELATIONS OF THE
BOARD OF MANAGERS OF THE SCHOOLS OF
NURSING WITH THE BOARD OF TRUSTEES
OF BELLEVUE AND ALLIED HOSPITALS

Adopted by the Board of Trustees of Bellevue and Allied
Hospitals at the Meeting December 31, 1924

Resolved, That Schools for Nursing be established by the Board of Trustees in Bellevue and Allied Hospitals, City of New York, to be known as the Schools for Nursing of Bellevue and Allied Hospitals, under the direction and control of the Board of Trustees of Bellevue and Allied Hospitals.

That the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals be composed of the present Board of Managers of the Bellevue Training School for Nurses.

That the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals shall consist of the thirty members of the Board of Managers of the present Bellevue Training School for Nurses.

That the members of the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals shall be appointed for a period of six years, the terms of five to expire each year.

That the present members of the Board of Managers of the Bellevue Training School for Nurses serve the terms for which they have been appointed as Managers of the Bellevue Training School for Nurses, as members of the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals.

That the group of five members of the Board of Managers of the Bellevue Training School for Nurses whose terms expire February 1, 1925, be filled by appointment by the Board of Trustees of Bellevue and Allied Hospitals on or before February 1, 1925, from a list of names to be submitted by the present Board of Managers of the Bellevue Training School for Nurses on or before January 15, 1925.

That vacancies that occur in the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals shall be filled by appointment by the Board of Trustees of Bellevue and Allied Hospitals on or before February 1st of each year, from a list of names to be submitted by the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals, on or before January 15th of each year.

That in the event of a position in the Board of Managers becoming vacant before the expiration of the term of any member, the vacancy shall be filled by the Board of Trustees of Bellevue and Allied Hospitals from a list of names submitted by the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals.

BY-LAWS
of
The Schools for Nursing of Bellevue and Allied Hospitals

Adopted by the Board of Trustees at the Meeting of December
31, 1924

1. The Schools for Nursing shall be conducted at Bellevue Hospital, and at Harlem Hospital, and at Fordham Hospital, and at Gouverneur Hospital, as soon as conditions at these two latter hospitals will permit.

2. The School at each Hospital shall be under the direction and management of the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals, subject to the approval of the Board of Trustees. These several schools shall be known as the Schools for Nursing of Bellevue and Allied Hospitals.

3. Appointments to the major executive and educational positions in the several schools shall be made by the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals, subject to the approval of the Board of Trustees.

4. Dismissals of those holding major executive and educational positions in the several schools shall be made by the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals, subject to the approval of the Board of Trustees.

5. The conduct and management of the Schools by the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals may be terminated by either party six months after notice is given to that effect.

RULES GOVERNING THE BOARD OF MANAGERS OF THE SCHOOLS FOR NURSING

Adopted by the Board of Managers of the Schools for Nursing of
Bellevue and Allied Hospitals

I. MEMBERSHIP

Members shall be appointed for a period of six years, the terms of five to expire each year, as per the Resolution of the Board of Trustees, December 31, 1924, and shall serve without compensation.

II. OFFICERS AND DUTIES OF OFFICERS

The Officers, and the duties of Officers, shall be the same as those provided for in the By-laws of the Board of Managers of the Bellevue Training School for Nurses, sections V, VII, VIII, IX, X, XI. *

III. MEETINGS

The Board of Managers shall hold meetings at the Nurses' Residence on the first and third Fridays of each month, except during June, July, August, and September; and such other meetings as the President may call, or as may be called on the written request of three members of the Board. Five members shall constitute a quorum.

IV. REPORTS

The Board of Managers shall make an annual report to the Board of Trustees, and shall send the Trustees a copy of the Minutes of their regular meetings.

V. COMMITTEES

There shall be the following Committees, and such others as shall be created by the Board from time to time:

- Executive Committee,
- Ward Visiting Committee for Bellevue,
- House Committee for Bellevue,
- Committee on Personnel Work for Bellevue,
- Committee on the Mills School,
- Harlem Hospital Committee,
- Fordham Hospital Committee,
- Gouverneur Hospital Committee.

VI. AMENDMENTS

These Rules may be amended by a two-thirds vote of the members present at any regular meeting, due notice having been given in writing to all members. Any amendment to these Rules must be sent to the Board of Trustees.

* See Constitution and By-laws, page 45.

In Memoriam

MISS LOUISE LANGDON KANE

June 1st, 1927

The Board of Managers and Bellevue Hospital have lost a visitor who was both a comfort and friend to the patients and a support to the nursing service. Her constant rounds, her gentle presence, her large charity and her instant response to any needs, were all the outward signs of her lovely spirit and her heart of gold.

We are the poorer for her going.

ANNUAL REPORT OF THE SECRETARY

April 1927—1928

I have the honor of presenting the Third Annual Report of the Schools for Nursing of Bellevue and Allied Hospitals and the fifty-fifth of The Incorporated Society of the Bellevue Training School for Nurses.

The Board of Managers feel the school has made greater progress during the past year than in any previous year of its history, due in great part to the cordial and sympathetic interest shown by Dr. Fleming and the Board of Trustees, without which the gratifying results could not have been obtained.

Always looking toward the growth of the school, the Board has felt for some time that it was very important for the Director of Nursing Service to have a home of her own where she might enjoy the quiet and privacy so necessary after her very active and exacting duties during the day. It was decided after much consideration to build a pent house consisting of a living room, kitchen, two bedrooms, baths, and maid's room on the roof of the Annex at 416 East 26th which building is owned by the Incorporated Society of the Bellevue Training School for nurses and rented by them to the City for the use of the graduate nurses. One of the managers, Mrs. Beale was put in charge of the enterprise and the pent house was planned by the Rhoades, Kennedy Corporation who built it at cost, generously donating the commission which should have been theirs. The entire cost of the apartment was undertaken by the Board of Managers and the apartment was furnished by special gifts of the managers and of former members of the Board.

The Managers felt it wise to dispose of The Edith Camp at Belle Isle as it was used for a shorter and shorter time every year. The property was sold for \$30,000 and the money derived from the sale has been placed in a fund called The Edith Northcote Fund, the income from which is to be applied at the discretion of the Board of Managers for the emergency health and convalescent benefit of the nurses of the school, both supervisors and under-graduates, as this was felt to best carry out the intentions of the gift. The money derived from the sale of the furniture and boat amounting to over \$300.00 having been largely raised by the Alumnae Graduates was turned over to their Pension Fund.

The Board wish to record their warm recognition of Miss Hosken's administration of the Residence and the cheerful spirit with which she has met every difficulty and especially those caused by the new fire regulations; also her tireless efforts to make the Residence homelike for the students.

The Board wish to emphasize the value of the Health Service which has steadily progressed under the competent direction of Miss Hiller and Miss Deaton and which will be detailed at length in Miss Rottman's report showing the remarkable decrease in the days of sickness.

Under the intelligent and careful direction of Miss Edwards, a graduate of the School, the menus and service in the Cafeteria have greatly improved, thereby contributing to the health of the nurses. The Board feels sure that the present standard will be maintained by Miss Julia Paluzak who has so ably assisted Miss Hoskens and who has now succeeded Miss Edwards in charge of the cafeteria.

HARLEM HOSPITAL. The Medical Board of Harlem Hospital recently passed a resolution to the effect that the nursing at Harlem is better than it has ever been. There is a great need of increased quarters for nurses in order to maintain and improve the standard now prevailing.

FORDHAM HOSPITAL. The school is carried on under great difficulty on account of the building of the Nurses Home and because the builders are behind in their schedule. An excellent educational program is being carried on by the supervisors in this hospital. The coming year will see the establishment of a new Nursing School at Fordham, the plans for which are now under way.

GOUVERNEUR HOSPITAL. All unregistered nurses have been replaced by registered nurses and new equipment has been added providing proper facilities for nursing. The School is being approved as a Registered Nursing School by the State Department of Education. This will mean improved nursing care for the patients and a better educational program for the students.

The Committee of Welfare for Employees of the Hospital continues to work under great difficulties on account of the loss of the club room due to building operations. Provision, however, is being made by the Trustees for better quarters in the new Pavilion.

The Board reports with deep regret the death of Miss Louisa Kane. For many years Miss Kane has visited the wards at Bellevue carrying with her a sympathetic eye, a generous hand, and a heart of gold. Whenever a want occurred for the patients which could be filled by a private hand, she at once acted and yet with such self-effacement that even the hospital staff hardly knew from whom the help came. "Blessed are the humble for theirs is the Kingdom of Heaven".

The resignation of Mrs. Dominick and Mrs. Fitch have been accepted with regret. Miss Lusk no longer is able to continue her active visiting and has been made an Honorary Member of the Board.

The past year has been one of accomplishment and promise for the future due to the able direction, vision and indefatigable efforts of the Director of Nursing Service, Miss Marian Rottman.

Respectfully submitted,

AUDREY OSBORN ELLIOTT, *Secretary.*

HARLEM HOSPITAL

This report is similar to that of previous years—greater demands upon the nursing department and larger numbers of students with the question of providing the proper accommodation for these students have added to our responsibilities and rendered more acute the problem which we must face regarding the increase of our facilities.

The student body should be enlarged not only to meet the just demands made upon the nursing department by the Medical and Surgical Staff, but in fairness to the pupils who many times are overworked. We continue to receive, perhaps not more applicants than we need, but more than we can consider because of limited housing space. Six of our students have taken the elective four months course in Public Health Nursing at Teachers College and Henry Street Settlement. While no further changes have been made in the curriculum those effected last year are now well established and the year's work appears to have been justified. The Interne Staff have held bedside clinics, stressing the nursing care and the results that are desired. This instruction has given the student a greater interest and a more intelligent understanding of her work, all of which has resulted in better care for the patient.

The success of our Health Service is wholly due to Felix Leonard Fuld, Phd., who has given many hours of his valuable time. The Health of the School has been remarkably good and in addition to minor illnesses only one student was sent to the Willard Parker Hospital with contagious disease.

We mention with deepest sorrow the death of Miss Felicia Puryear, one of the graduates of the class of 1927 and that of Miss Eleanor Collins, who would have been a member of the Class of 1927.

The Census of the School at the present time is as follows:

Supervision	6
Instructor practical	1
Instructor, Asst.	1
Head Nurses	11
Graduates, Gen. duty	20
Post Graduates	2
Affiliating Nurses	5
Social Service	9
Students	87
Preliminary Students	17
Total	<u>159</u>

Completed Courses during the year.....	32
Students admitted during the year.....	34

The committee have held bi-monthly meetings and have been most faithful in ward visiting. Mrs. O'Brien with her imagination and practical sense has planned all the entertainments and other recreations for the nurses and has made it possible for Doctors and Committee to cooperate with her in every instance.

Respectfully submitted,

MAUD RIVES HOYT,
*Appointed as Visitor to
Harlem Hospital*

FORDHAM HOSPITAL

March 1927.

Tearing down and building up is in order at Fordham. The former is quickly done; the latter seems to take an interminable time.

The old pavilions have gone and the steel work of the new wings is going up and the temporary building which should be ready soon, will take care of some of the patients who were in the pavilions and relieve the pressure in the hospital a little.

The addition to the Nurses' Home begun December 1925 is not yet finished.

Miss Rottman's report covers all Fordham's work so I need not go into it, but I would like to say a word in praise of the nurses and the Nursing Staff, who under the most trying conditions have done their work cheerfully and well.

The tone of the hospital as I see it as a visitor is higher and better than it was two years ago, which considering the difficulties under which the nurses and staff have had to work does them infinite credit.

Respectfully submitted,

EDITH M. DOUGLAS.

GOUVERNEUR HOSPITAL

The conditions of Gouverneur have improved in the past year. Work on the new Nurses' Home, is nearing completion and when finished a new era will open for the Hospital. Meanwhile great credit is due to Mrs. Cantwell and to Miss Dowd in the efficient way that the work has been carried on under adverse circumstances.

Respectfully submitted,

HARRIET BLAINE BEALE,

*Assigned as Visitor,
Gouverneur Hospital.*

MILLS' SCHOOL REPORT — 1928

Conditions in the Mills' School have not changed materially during the past year. The house is full to capacity and many applicants have had to be refused admittance to the School owing to lack of living quarters. The building was entirely repainted inside during the summer. At Christmas Mrs. Whitelaw Reid presented a piano which is much appreciated.

Seven students were graduated on March 21st.

Mr. Jones, the Superintendent, and Miss Pentland, the Hostess, continue to deserve the warmest thanks of everyone interested in the Mills' School.

Respectfully submitted,

EMILY COSTER MORRIS,
Assigned as Visitor, Mills' School

REPORTS OF DIRECTOR OF NURSING SERVICE BELLEVUE HOSPITAL

Presented at Graduation Exercises, March 15, 1928

*To the Board of Managers, the Board of Trustees, Dr. Fleming
and Friends of the School of Nursing.*

It is my privilege to submit to you the 55th Annual Report of The Bellevue School of Nursing and the 3rd of the Schools for Nursing of Bellevue and Allied Hospitals. Tonight we graduate our 53rd Class numbering 75, thus bringing the total number of graduates of this School to 1811.

The year just past has been one of unprecedented demands. In addition to carrying the nursing of Bellevue and the Allied Hospitals we have opened a new 600 bed pavilion here at Bellevue, planned, submitted lists and selected furnishings and equipment for a new Nurses Home at Fordham, a Nurses' Home at Gouverneur and a new Dispensary at Harlem. The Dispensary at Harlem is open and functioning as though it had been in use for years. The Nurses' Home at Fordham is partially occupied and at Gouverneur it is 95% completed.

At Bellevue we had hoped that with the increase in capacity of about 400 beds we would not have the crowding as in former years, yet in practically all of our services the number of patients being cared for is in excess of that capacity.

MEDICAL SERVICE. In Pavilion A & B, which is the oldest of the new buildings comprising the "New Bellevue", the entire medical service is located. Two wards vacated by the Children's Service were entirely renovated and assigned to the Third Medical Division. This gave us an increased capacity of 58 beds and yet that building has been running over its actual bed capacity by more than a hundred cots.

Because of the large number and variety of medical patients treated at Bellevue a very valuable clinical field for nursing education is offered. Thirty schools outside of New York City are sending students to us for experience in this service. We have endeavored and succeeded in getting much of the instruction back into the wards, correlating it with the patient and his needs. Since the very nature of nursing requires responsible and frequently independent action dealing with situations of a life and death nature, the concrete problem dealt with in ward teaching is valuable as a method in nursing education. In addition to the regular medical lectures and nursing classes we have

developed both medical and nursing bedside clinics. The case method assignment is being used and every student is assigned a definite case study. This emphasizes the nursing care as related to the patient's needs as well as his foreground and background. More sympathetic understanding and interest is developed in the patient as an individual. Last year when we first began to use this method of assignment there was a lack of enthusiasm on the part of many headnurses. Now, after a year's experience with the method there is a marked preference for it and a lively enthusiasm in its use.

SURGICAL SERVICE. During the year there has been a marked improvement in Pavilion L & M. Last year it was reported to be the most difficult service to nurse due to the very large and active service and our dependence on a general duty graduate staff. This year the situation has changed. More students from the affiliating State Hospitals have required this service and with the return of the Bellevue School to a three year course, a four month surgical nursing duty is indicated for all students of our own School. The increased number of students on the service means not only better nursing care but better experience and ward-teaching for the students. The same plan of teaching and assignments holds here as in the Medical Building. We expect the improvement in this nursing service to continue.

OBSTETRICAL SERVICE. The Obstetrical Service which is housed on one entire floor of Pavilion L & M has had a very active year. In so far as possible we have tried to teach and keep in touch with our prenatal patients through the pre-natal clinic. Of 1000 pre-natal patients only 2 were complicated by eclampsia, with no deaths. Of 860 patients who were admitted to the hospital as non-clinic patients, 5 were complicated by eclampsia and of that number 1 died. This service with the new developments constantly taking place, is badly in need of both physical and managerial changes. What was adequate and modern thirteen years ago is today almost, if not entirely, obsolete. We are badly in need of increased bed capacity and delivery room facilities.

PAVILION I & K. During the year we have opened still another Operating Room in this pavilion. This gives us a total of ten Operating Rooms when we include the amphitheatre, bronchoscopy and ophthalmological rooms. There is both a day and a night nursing staff assigned to this department.

During the year the bed capacity of the Children's Orthopedic Service has been increased from 16 to 25 beds. These

beds are always occupied. The acutely ill surgical children have been transferred to the new ward for children in Pavilion F & G and only convalescent children are assigned to Ward 1-5 and Ward 1-6. This arrangement permits of a better nursing service as more nurses can be assigned to the acute ward and fewer are necessary for convalescents.

The children from the Ear, Nose and Throat Service have been transferred to their new Children's ward in F. & G. The Ophthalmological Service is about to undergo a revision in order to develop a teaching ward service. In these specialized services our aim is to develop a teaching ward program which will be complete in itself. This correlates the theory and practice of nursing for that specialty with the individual patient's needs.

Formerly our Gynaecological Service was one of our most difficult ones. Since the introduction of the ward teaching program, there is more intelligent interest on the part of the student in her patient and consequently the nursing care has improved. This has been due in a large measure to the interest and effort on the part of the three graduate nurses on duty with the students in this service, and to the supervisor.

PAVILION F & G. In January of 1927 we transferred our first patients into Pavilion F & G. Although contractors were at work in the building for practically 9 months after the transfer of patients began, we moved the Tuberculosis, Communicable Disease and Neurological Services.

In July and August we transferred the Pediatric Service from A & B and opened two additional wards for children. In addition to the wards for medical children we have opened in this pavilion an admitting ward for Surgical Children and a ward for children of the Ear, Nose and Throat Service. This gives us a total of 11 wards for the treatment and care of children with a bed capacity of 340. All of the new wards or those used for acutely ill children are equipped with cubicles and individual equipment. This is a great advantage in caring for the children, safer for both the patient and the nurse. This is the most modern method of caring for children and again demonstrates the opportunity given here in nursing education.

The Admitting Department, Admitting Baths, and Property Office were transferred in December to the Ground Floor of the new pavilion. A new experiment regarding the discharge of patients from the hospital has been tried out very successfully. A discharge office in charge of a graduate nurse receives each morning and at intervals during the day the cards of patients to

be discharged. Their clothes are delivered to the dressing rooms of which there are fourteen, the property is secured from the Property Clerk and the patients are sent from the wards to this department where they are properly discharged. This arrangement has saved many hours of time to the ward nursing service and the patient does not feel the hurry and rush which so characterized his discharge directly from the wards.

Our latest experiment in attempting to give better care to our patients is the opening of an Emergency Ward. Ground F has been set up and equipped for the reception of "direct urgent cases". All such patients brought in are admitted to this ward, where first aid and emergency treatment is administered. These patients remain overnight and are transferred the next day to the wards of the divisions to which they are assigned, if their condition permits.

It is impossible to estimate in actual hours of nursing care what this means to the patients and to the night nurses. All of the noise and confusion incident to the admission of a serious accident patient or a medical emergency is eliminated from the ward where other ill patients are trying to rest and sleep. Then too, the time of the night nurse is not taken from her regular patients. Since the opening of this ward on the evening of February 29th we have admitted 115 emergency cases, 13 of whom have died because of the serious nature of the injury. This gives us a mortality of 9%.

PSYCHOPATHIC SERVICE. In December the patients occupying the Medical wing of "Old Bellevue" were moved to the Surgical wing which had been entirely renovated. The large wards of 70 and 80 patients were separated into small units and a head nurse put in charge of each. It has worked out very well both from the viewpoint of the patients and the nurses.

A teaching supervisor was appointed for the instruction and supervision of the students on this service and the appointment of a personnel supervisor was made to oversee the general service.

The teaching program is developing rapidly and we have already received requests for experience for affiliating students. Since Psychiatry is becoming recognized as a very important branch of nursing, it is our duty to prepare our students to meet the demand that is already apparent.

In connection with our ward nursing service, I wish to speak of the tremendous amount of work necessary on the part of the nurses to look after the linen supply. Monthly inventories are

being taken by head nurses and supervisors and checked with standards. The loss is all together too large but every effort is being made to control it. This constant loss means re-standardizing and replacement of linen.

Mr. Berkowitz, our laundry manager, has assisted in this work and made it possible for us to carry on sometimes in the face of great difficulty. On behalf of the Supervisors and Head Nurses, I wish to thank Mr. Berkowitz for his untiring co-operation in this problem.

DISPENSARY SERVICE. For many years our Dispensary has labored under difficult physical conditions with overcrowding of patients and lack of personnel.

On February first, Dr. Fleming arranged for the pre-natal clinic to be taken from the general Dispensary and placed with the Gynaecological clinic in Ground A. This gave additional room for a new development which we wished to try out.

Last year the Social Service Bureau was asked to serve as a Committee in the Dispensary and function through it. This they very readily consented to do. After many months of looking for a person who could meet our requirements as a teaching supervisor, we were able to secure one in our own Social Service Bureau.

Miss McCoy who had had a long experience with the Henry Street Visiting Nurses' Association plus Social Service experience in Bellevue, undertook the new work, and so far, after six weeks experiment, it has exceeded our expectations.

Instead of assigning students to the Dispensary for a months duty as formerly, the different clinics of the four divisions are covered by student nurses from the divisional wards during their clinic hours after which they return to their wards. The students are learning to take both social and medical histories, learning to see the patient as an individual in relation to his environment and as a result, there is more human interest, sympathy and tolerance toward him and his problems. The opportunity for the student to teach health is unlimited.

During the month of February, the students made contact with and referred 62 intensive Social Service cases to the Bureau. It is very possible that these cases might never have been reached except in this way. The Attending Medical Staff have been very cooperative in this new venture and I am sure by the time the new Out-Patient Department, now under construction, is ready, we can have an organization ready to function through it and make possible New York's greatest Community Health Center.

THE NURSES' RESIDENCE. During the year numerous repairs and renovations have taken place in our home. Perhaps, the most outstanding of these is the installation of 48 new shower baths in place of a number of bath tubs on each floor. In accordance with recommendations of the Fire Commissioner steel doors, partitions and exit lights have been installed, the work of which is almost completed. Much needed painting of the main floor has been done as well as many minor repairs. We are most appreciative of this effort on behalf of Bellevue to keep our Home in comfortable sanitary condition.

In September, after the close of Edith Camp, Miss Blanche Edwards, who was our hostess there during the summer, consented to take charge of and reorganize our Dietary Department. As a result, there has been a system established which is not only a credit to Miss Edwards but has meant so much to the six hundred who three times daily are served in our Dining Room. On behalf of the School, I wish to thank Miss Edwards for the change she has wrought. It has been a most difficult and not altogether pleasant task.

Miss Hosken and her assistants are entitled to much commendation for the very happy atmosphere which permeates our Home, as well as for the excellent organization which demonstrates what good housekeeping is.

In January, Miss Florence Ulmer, who for the past two years had resided in London, came to us as Social Director. The recreational and social program is carried entirely by the Board of Managers and the Social Director relieves Miss Hosken of many problems concerned with the social life of the student.

HEALTH SERVICE. The proof of the value of any service in a School of Nursing rests upon the actual results secured. Our Health Service has been in operation for about two years. We feel the statistics of this department are full justification of the effort expended in the work. By way of comparison for the years 1926 and 1927, I may say there was a saving in days off duty through illness of 1000.

Improvement is shown in every group. For example, there were off duty as follows:

1926	1927
532 students off duty as against.....	375
313 affiliating students as against.....	224
205 probationers off duty as against....	120
221 graduates off duty as against.....	102

It is clearly indicated that our health instruction has had its effect, and another year, I believe, will show even more improvement.

In June of 1927, in order to give the students the maximum amount of pleasure in the use of the swimming pool, the Board of Managers authorized me to place an instructor in charge of the pool. We were able to secure Miss Mary Deaton, a graduate of the North Carolina College for Women. Miss Deaton is a graduate in Physical Education and besides directing activities of the pool has assisted in the health program by examining for, and giving exercises in correcting both posture and physical defects. In addition to this, she has promoted extra-curricular activities through social dancing, rhythmic dancing, volley ball and other gymnastics.

Miss Hiller, Miss Deaton and Dr. de la Chapelle have worked together on this health program and the credit for results is theirs and the students who have so faithfully cooperated in it.

INSTRUCTION. The formal class room instruction of this School is in charge of Miss Ethel Bacon. It is her responsibility to see that each student pursues the program outlined for her. It entails the responsibility of 388 students. In addition, she carries some class work here and at Harlem, and helps to outline the educational programs at Harlem, Fordham and Gouverneur.

The Science Instructors of this School of which there are two carry the Anatomy and Physiology, Chemistry and Bacteriology courses at Harlem as well as Bellevue. Our next Budget must carry a request for a full time Science Instructor at the Harlem School of Nursing. At times the need of these sciences and their laboratory work has been questioned in Schools of Nursing. I think we will all agree that there is much independent action in nursing and consequently independent reasoning necessary. In order to give an intelligent basis for this responsibility, I believe laboratory work should be emphasized, that its by-products of keen observation, accurate discrimination, ability to act quickly and to work with great detail may be carried over into the daily routine of nursing. The courses here at Bellevue are co-educational, including the students of 'The Mills' School as well. There are also two Instructors in the Principles and Practice of Nursing, one for Nutrition and Diet in Disease. This group carries the entire preliminary work of our students.

THE OFFICE. In September of 1927, Miss Elizabeth Mead who has been Secretary to every Director from the time of Miss Brennan, retired from her duties at Bellevue. In appreciation of

Miss Mead, I wish to say that my arduous duties and heavy responsibilities of the first two years as Director of the Nursing Service at Bellevue and Allied Hospitals, were considerably lightened by her knowledge and intimate acquaintance with the details of the office, the requirements of the State Department of Education and her ever ready willingness to assist in additional work. Miss Mead is now enjoying a rest and relaxation from routine work which she has earned through faithful years of service well done.

Miss Madeleine Murray, Class of 1924, who as an Office Assistant had assisted in the equipment of Pavilion F & G and the Harlem Dispensary, took over the secretaryship on Miss Mead's retirement. With her knowledge of filing, the entire filing system of the office has been revised. The Board of Managers authorized the purchase of an entire set of new files and we are now endeavoring to keep complete records of every individual nurse employed in the Department.

A new system is likewise being established in the office of the Instructors. Two forms only are now kept, a work sheet and a permanent record. This eliminates much work and much duplication which seemed unnecessary.

THE STAFF. Last year the turnover in our nursing personnel was tremendous. There was an average change of one head-nurse in each pavilion every week. In loss of morale, loss and lack of care of equipment and in poor administration of ward service, the results were very discouraging to the Supervisors. This year there has been a marked reduction with almost no changes excepting those in L & M and other pavilions incidental to illness or trouble at home.

The factor which we feel has been paramount in the stabilizing of this group has been the opportunity offered to the head-nurses to become better acquainted with their duties and responsibilities and in learning how to meet them. In other words they have been able to "grow on the job" and they have grown.

There has been a healthy competition toward better house-keeping, more responsibility in regard to equipment and supplies and more interest in the student's educational opportunity on the ward. We are proud of our headnurses and want them to know we count them as the most important group in the nursing division. Weekly meetings have been held with them by Miss Marvin. The headnurses have entered into it voluntarily and whole-heartedly.

They have discussed the following subjects.

1. Some psychological principles related to teaching in the ward.
2. The Purpose, Methods of Conducting and Demonstrating Various Types of Morning Reports in the Hospital.
3. Discussion and Demonstration of Introducing a New Student to the Service.
4. Explanation and Discussion of the newly adopted Efficiency Records.
5. Discussion of the Principles of Good Housekeeping Applied to Ward Situations.
6. Demonstration and Discussion of Practical Nursing Methods.
7. Principles Underlying the Grading System Used in the School.
8. Ward Supervision of Preliminary Students.
9. Clinical Methods of Teaching for the Headnurse.

These are all subjects vital to the patient, the hospital and to the student and have been discussed with great seriousness and their deductions applied to their individual ward problems.

The Supervisors too have demonstrated their desire to improve themselves to better carry on their work. They have organized themselves into a group which meets weekly. It is through their co-operation that a teaching program is being developed in the ward service. They have discussed such problems as have to do with the cost and care of equipment, scientific management, the control of waste and the improper use of supplies. They have developed a very good basis for grading students which has been adopted throughout Bellevue and will extend to our outlying schools.

I want this group to know that I lean heavily on them and realize the problems they cope with daily, but it is the daily contact with problems that permits us all to grow and we would not want to be entirely without them.

THE MILLS SCHOOL. A full report of this School will be presented at their Graduating Exercises to be held on March twenty-first.

THE HARLEM SCHOOL OF NURSING. A full report will be presented at the Graduation Exercises of this School also but I

must say here that the School of Nursing at Harlem Hospital shows progress each year in a better and more careful selection of students and in the improvement of its nursing service. There is one exception to this rule, and that is the Obstetrical Service. The demand for admission to this department exceeds very greatly the facility of the hospital.

If we could work out a plan whereby we could develop a community delivery service utilizing our School for Midwives and giving our students the opportunity of district nursing in caring for the normal post-partum patients in the home and limiting admission of abnormal cases to the hospital service, we could give better service, service to a greater number and feel we were accomplishing something. As it is, we can feel only embarrassment because of our inability to handle the service.

FORDHAM HOSPITAL. On Sunday, March 11th, dinner was served in the Dining Room of the New Home. We hope to settle the rest of the building as rapidly as possible.

Since the Trustees have decided to establish a School of Nursing at Fordham, preparations are under way for a catalogue for the School so that we may enroll students for a class to enter on February 1st, 1929.

A very excellent affiliating school is maintained here at present with an enrollment of 66 students. No preliminary course is given as the students are in their second and third year when they come to us. The nursing staff has lived and labored under great difficulty for more than two years due to the building program, but the end is now near and the Home will be fully appreciated.

The same teaching ward program being developed at Bellevue is being established here, and staff education has begun.

GOVERNEUR HOSPITAL. The Nurses' Home at this Hospital will soon be completed. Since January 1st, 1928, registered headnurses have been placed in every ward and the equipment has been brought up to standard. Miss Dowd, the Superintendent of Nurses, Miss Staples, her assistant and the nurse in charge of Pediatrics, have all spent some time in the Bellevue School observing our methods of supervision and bedside instruction for the purpose of establishing a similar program here.

Miss Bailey, of the State Department, has visited the School and we are now waiting for the application which will, we hope, make Gouverneur a registered school for affiliation.

STUDENT BODY. Our student body numbers 324 including the affiliating group, and exclusive of preliminary students. The standard of class work is high, the average maintaining a grade of 83%.

During the year there has been marked activity in extra-curricular activities. The students have organized an athletic association and worked out a system of units upon which the Bellevue Monogram is awarded.

During the year the Senior Class, the graduating class of tonight, raised \$100.00 which was presented to the Endowment for the Nurses' Bed at the Medical Center.

Since October 1927 this class has maintained a Tea Room for the exclusive use of students of this School. It has been open every night, except Sunday, and their sandwiches have been very popular. They are publishing a Year Book entitled "The Crane".

They are presenting to the School the nucleus of a fund which is to be used for a portrait of Mrs. William Church Osborn, the much loved President of our Board of Managers.

The Class of 1928 has had more initiative than any previous class, they have demonstrated their loyalty to the Hospital and the School on numerous occasions and have made a real contribution in the morale of the School. I appreciate their every effort and hope that same loyalty may include the Alumnae Association of the School which is such a big factor in maintaining our position in nursing.

We wish to thank the good friends of the School who have contributed so much toward the social life of the student body. To Mr. Henry Lambert the School extends a vote of thanks for his many courtesies and especially for the Trophy Cup which is to be awarded to the class winning the greatest number of athletic events.

I cannot bring this Report to a close without making acknowledgment of the new home built by the Board of Managers for the Director of the Nursing Services.

Built upon the roof of our Graduate Nurses' Home, nine stories above the noise and confusion of the street, it is truly a haven of rest after a strenuous day of hospital routine. Just as the Board of Managers of the Bellevue School have for 55 years led the way in stimulating developments in nursing so have they preceded others in their effort to conserve the energy and health of the Director of their School. I trust other large

Schools will realize the necessity of removing their Directors from the petty worries and cares of a 24 hour service to a Home apart from the Hospital and School where new energy and enthusiasm may be regenerated. Words fail to express my thanks but I hope the quality of my contribution to the School and to the Hospital may prove my appreciation.

To my assistants, Miss Florence Bacon, Miss Marvin, Miss Hosken, Miss Ethel Bacon and Miss O'Brien, I wish to express my appreciation of their valuable assistance. The work is strenuous, the hours often long but the pleasant association and co-operative spirit which permeates the entire staff is a great satisfaction and makes even the most strenuous duty a pleasure.

To the Board of Trustees, I can only say we appreciate so much their understanding of our needs, and their constant effort to meet them. That we went through the year 1927 with no shortage of working material and supplies was something that had not happened for many years, and we thank them for it.

To Dr. Fleming the School owes more than we can estimate. His thorough understanding of our problems, his ever ready assistance in problems of the School and nursing service and his sense of fairness and justice make him an outstanding hospital executive.

To The Board of Managers, the School owes its very being, and as a child turns to its parent for help, we turn always to our Board of Managers in time of need or trouble. To Mrs. Osborn, our President, whose interests are legion, but who always has time for our problems, we especially owe our thanks. The Bellevue School of Nursing is blest beyond all others in having its Board of Managers.

Respectfully submitted,

MARION ROTTMAN.

SUMMARY NURSING SERVICE AT BELLEVUE

April 1st, 1927 to March 31st, 1928

TOTAL NUMBER OF NURSES IN SCHOOL MARCH 31st, 1928

Graduate Nurses on duty	235
Student Nurses on duty	199
Preliminary Students on duty	39
Affiliating Students on duty	121
Post Graduate Students on duty	4
Mills School Students on duty	53

GRADUATE NURSE STAFF:

Total resignations during year	158
Total appointments during year	165
Total days of illness during year	387.5
Total days of vacation during year	3,271
Total days of absence during year	1,115
Transferred to other hospitals	3
Dismissed	11

STUDENT NURSE STAFF:

Total new students admitted	95
Total resignations	15
Total dismissed during year	5
Total under suspension during year	0
Total leaves of absence	4
Total completed course	73
Total dropped due to illness	5
Total deaths during year	0
Total days illness during year	1536.5
Total days absence during year	989
Total days vacation during year	3,704

AFFILIATING NURSE STAFF:

Total new students admitted	152
Total resignations during year	5
Total dismissals during year	5
Total completed course during year	158
Total returned to home school ill	10
Total days of illness	803
Total days of absence	313
Transferred to other hospitals	2

POST GRADUATE STUDENTS:

Total new students admitted	9
Total resignations during year	5
Total completed course during year	8
Total days of illness during year	52
Total days of absence during year	30

TOTAL OF WHOLE NURSING SERVICE:

Total days of illness during year	3,102
Total days of vacation during year	6,975
Total days of absence during year	2,447
Total deaths during year	1
Total resignations during year	183
Total appointments during year	421
Total transfers during year	5

BELLEVUE HEALTH AWARD to SELMA CHADWICK

For marked improvement in personal health, by observance of the rules of hygienic living, and by availing herself of the facilities afforded for the correction of remedial defects.

Miss Selma Chadwick had demonstrated to her teachers and classmates her ability to maintain during the strenuous course of study and service in nursing such standards of health from day to day as enabled her to remain fit for duty without interruption and has permitted her to graduate from the School in better physical condition than when she entered.

March 15th, 1928

MARK L. FLEMING

*General Medical Superintendent
Bellevue and Allied Hospitals*

MARIAN ROTTMAN

*Director of Nursing Service
Bellevue and Allied Hospitals*

BELLEVUE HONOR AWARD to FLORENCE SELTZER

For outstanding qualities of character, leadership, loyalty, responsibility, cooperation, ability in bedside nursing and participation in extra-curricular activities.

Miss Florence Seltzer has displayed during her course in nursing the same conspicuous devotion to her patients, classmates, teachers and her School as she has shown throughout her life to the members of her immediate family. She has demonstrated to those with whom she has come into professional contact, innate qualities of leadership, loyalty to her associates, a sense of responsibility in every duty assigned to her, willing cooperation in every curricular and extra-curricular activity and unquestioned ability in bedside nursing.

REPORT OF DIRECTOR OF NURSING SERVICE
HARLEM HOSPITAL*To the Board of Managers, Board of Trustees, Dr. Fleming
and Guests:*

It is my privilege to present the Fifth Annual Report of the Harlem School of Nursing. It is five years since the inception of this School and during that time the School has graduated 71 nurses. Two classes are taken in yearly; one in February and one in September. At present the enrollment is 75 with 17 preliminary students.

In September of 1926 the educational qualification for entrance was extended from one to four years of high school. We have had no difficulty in maintaining this standard.

The instruction in the sciences has been carried by the instructors of the Bellevue School and the principles and practice of nursing by Miss Brewer. Much credit is reflected on Miss Brewer through the excellent and finished nursing technique of the Harlem students.

The Residence has long since outgrown itself and in 1927 we acquired an Annex where one floor is devoted to graduate nurses and a second to preliminary students. The growth of the hospital demands increased facilities in the School. These, we are sure, are being thought of by the Board of Trustees.

WARD SUPERVISION

During the year the ward teaching program has gained great headway and in normal times the case method of assignments are made. During the heavy periods of the hospital's census the old efficiency method prevails. The first is, of course, preferable from both the patient's and the student's point of view, but for the sake of expediency must often make way for want of time.

THE DISPENSARY

During the year the addition to the Dispensary was completed, equipped and occupied. There is no more active outpatient department in New York City than that of Harlem. There are three graduates and 5 students assigned to the Out-Patient Department.

THE HEALTH PROGRAM

For two years Dr. L. F. Fuld has worked on a Health Program for the students of this School. Arrangements have been made with the Y. W. C. A. for the use of their gymnasium. Corrective gymnastics and exercises have been taught by the Y. W. C. A. physical director. This has given wholesome recreation to the students and much good has been derived from it. Thorough and detailed physical examinations are made periodically with the idea of measuring correction of defects. As a result of this program the students health is good. This year owing to the meningitis epidemic we regret to report the death of Miss Pinkie Todd. Miss Todd had been with us but a short time but had endeared herself to all who knew her.

Miss Pierrer one of our students who had but a few months left before completing her course, developed a chest condition which ended in her death from tuberculosis. We cannot too strongly urge students to report symptoms early, so that treatment may be given early and many serious results obviated.

THE REGISTRY

This year a Registry was established at the hospital for the graduates of the School. It is maintained through the courtesy and interest of Mrs. O'Brien and has been a help in assisting our graduates to obtain private duty.

In conclusion I wish to thank the graduate staff and the student body for their loyalty to their school, their excellent standards of duty and their cooperation with Mrs. O'Brien.

To Mrs. O'Brien we owe much for her untiring interest, her ideals of service and her ambitions for the School. I urge you as students to continue as you have begun under her guidance, maintain the reputation you have earned for excellent nursing and carry your School forward, for it can only be as good as its students.

Respectfully submitted,

MARIAN ROTTMAN

MILLS' SCHOOL For Men Nurses

Presented at the Graduating Exercises March 21, 1928

*To the Board of Managers, the Board of Trustees, Dr. Fleming
and Friends of the Mills' School:*

It is my privilege to submit a Report of Bellevue's School for Men Nurses which is now in its 40th year. Tonight's exercises marks the graduation of the 38th class from the School. There was an intermission in the operation of this School of nine years, during which time it ceased to graduate nurses and became a School for Attendants. In 1921 it again became a School of Nursing and since that time has gradually raised its standard of work, both theoretical and practical, until today it carries the same curriculum as the Bellevue School of Nursing.

Up to the time of discontinuance of the original Mills' School there were 500 graduates. Since its re-organization in 1921, 44 young men have been graduated. At present there are 58 students in the School and 28 of whom are affiliating students from 14 different Schools.

With the enlargement of the nursing School of Bellevue a plan is also included for the Mills' School. The present School is crowded with the students and the men graduates employed in the hospital. In planning a new Home, I trust consideration will be given for a gymnasium and roof court where greater facilities will be offered for recreation and amusement than at present.

The students of this School have for several years maintained an Orchestra and a School paper as an extra-curricular activity. The Orchestra has contributed much pleasure to other groups in the hospital by furnishing the music for parties on several occasions. The publishing of the "M. T. S. News" occurs each month and is a big factor in keeping the Alumnae in touch with the School.

During the year the building housing the Mills' School has undergone complete renovation. Shower baths were installed through Mrs. Whitelaw Reid's interest and generosity and the entire building has been painted.

At Christmas time Mrs. Reid presented a piano through the Board of Managers.

The Board of Managers, represented by Mrs. Morris, have a real interest in the School. The field open to graduate men nurses is wide and by no means covered in sufficient numbers. With the opening of our new Psychiatric Building, we are planning for 45 men nurses. We prefer to fill these positions with men who have a foundation of general training upon which is laid a special course in psychiatry. This is one of the finest types of nursing and for which in the immediate future, there will be an increasing demand. I wish to urge not only the graduating class but the students of the school to consider carefully this specialized branch of nursing.

Respectfully submitted,

MARIAN ROTTMAN
*Director of Nursing Service
Bellevue and Allied Hospitals*

A CLASS IN RHYTHMIC DANCING

FIFTY-FIFTH ANNUAL REPORT
OF THE
**Bellevue Training School
for Nurses**

PRESENTED TO THE
BOARD OF TRUSTEES OF BELLEVUE
AND ALLIED HOSPITALS

1928

CERTIFICATE OF INCORPORATION

The Training School for Nurses

The undersigned citizens of the State of New York and of the United States of America, all being of full age, desire to form a charitable society under the Act of the Legislature of the State of New York, passed in the year 1848, entitled, "An Act for the incorporation of benevolent, charitable, scientific and missionary societies," and the acts amendatory thereof, do make and file this certificate :

ARTICLE I. The name by which this society shall be known is "The Training School for Nurses."

ARTICLE II. The object of this society is the training of nurses for the sick in order that women shall find a school for their education and the public shall reap the advantage of skilled and educated labor.

ARTICLE III. The number of directors of this society shall be ten, who shall be for the first year Mrs. W. H. Osborn, Mrs. Robert Woodworth, Mrs. William Preston Griffin, Mrs. Lucius Tuckerman, Miss A. H. Woolsey, Miss Ellen Collins, Miss Julia Gould, Mr. Henry G. Stebbins, Mr. Chandler Robbins, Dr. W. G. Wylier.

ARTICLE IV. The principal place of business of this society shall be in the City and County of New York.

Dated, New York, February 2, 1874.

ELIZABETH C. HOBSON, *President*,
VIRGINIA R. OSBORN,
ALLINE P. WOODWORTH,
ABBY HOWLAND WOOLSEY,
ELIZA WOLCOTT TUCKERMAN.

STATE OF NEW YORK
CITY AND COUNTY OF NEW YORK } ss.:

On this second day of February, 1874, before me personally appeared Elizabeth C. Hobson, President; Virginia R. Osborn, Alline P. Woodworth, Abby Howland Woolsey, and Eliza Wolcott Tuckerman, five of the above named incorporators, to me known to be the same persons described in and who executed the foregoing certificate, and severally acknowledged to me that they executed the same.

S. B. GOODALE,
Notary Public (23),
New York County.

(SEAL)

Filed May 9, 1874.

STATE OF NEW YORK
CITY AND COUNTY OF NEW YORK } ss.:

I, William J. McKenna, clerk of the said City and County, and clerk of the Supreme Court of said State for said County, do certify that I have compared the preceding with the original certificate of incorporation of The Training School for Nurses, filed May 9, 1874, on file in my office, and that the same is a correct transcript therefrom, and the whole of such original. In witness whereof, I have hereunto subscribed my name, and affixed my seal this 7th day of March, 1892.

WM. J. MCKENNA, *Clerk.*

By order of Court, name changed to

THE BELLEVUE TRAINING SCHOOL FOR NURSES

April 14, 1903.

CONSTITUTION and BY-LAWS

of the

BELLEVUE TRAINING SCHOOL FOR NURSES

ARTICLE I.

The name by which this Society shall be known is The Bellevue Training School for Nurses.

ARTICLE II.

The object of this Society is the training of nurses for the sick in order that women shall find a school for their education and the public shall reap the advantage of skilled and educated labor.

BY-LAWS

I. MEMBERSHIP.

The Society shall consist of Honorary and Active and Supporting Members.

Honorary Members shall be elected by the Board of Managers for valuable aid or important service rendered to the School.

Active Members shall be those who serve on the Board of Managers.

Supporting Members shall be those who make an annual subscription.

II. BOARD OF MANAGERS.

The Board of Managers shall be the same persons as those appointed to the Board of Managers of the Schools for Nursing of Bellevue and Allied Hospitals, under the Resolution adopted by the Board of Trustees, December 31, 1924.

No member of the Board of Managers shall receive any compensation for services rendered.

III. REPORTS.

The Board of Managers shall keep Minutes of its meetings and shall make an Annual Report to the Board of Trustees.

IV. MEETINGS.

The Board of Managers of the Bellevue Training School for Nurses shall hold an Annual Meeting in March or April and such other meetings as may be called by the President. Five members shall constitute a quorum.

V. OFFICERS.

The officers of the Society shall be a President, a Vice-President, a Second Vice-President, a Secretary, a Treasurer and an Assistant Treasurer. They shall be elected annually by a two-thirds vote by ballot of the Board of Managers, from among its members, with the exception of the Treasurer, who need not be a member of the Board of Managers. In case of the death or resignation of an officer, a successor for the remainder of the year may be elected by a two-thirds vote by ballot of the Board of Managers at any regular or special meeting of the Board, two weeks notice in writing having been given by the President or the Secretary.

VI. NOMINATING COMMITTEE.

There shall be a Nominating Committee for officers, consisting of three members of the Board of Managers, named by the President, who shall prepare and submit a ticket annually to the Board. This ticket must be submitted in writing to each member two weeks before the annual meeting of the Board of Managers.

VII. PRESIDENT.

The President shall preside at all meetings of the Board of Managers, and shall call special meetings at her discretion, or upon the written request of three members of the Board. The President shall appoint all special and sub-committees.

VIII. VICE-PRESIDENT.

The Vice-president shall, in the absence of the President, perform the duties of the President.

IX. SECRETARY.

The Secretary shall perform the duties usually appertaining to this office.

X. TREASURER.

The Treasurer shall keep all the accounts of the Board of Managers and render a monthly statement. An Assistant Treasurer may be appointed by the Board of Managers when found necessary.

XI. BY-LAWS.

These By-laws may be amended by a two-thirds vote at the annual meeting of the Society, due notice being given in writing.

ANNUAL MEETING

The Annual Meeting of the Board of Managers of the Schools of Nursing of Bellevue and Allied Hospitals was held on Friday, May 4, 1928 at 440 East 26th Street, at 10:30 o'clock.

Present: Mrs. Osborn in the Chair,

Mrs. Blagden	Mrs. Douglas
Miss Bradley	Mrs. Forsyth
Miss Potter	Mrs. LaFarge
Mrs. Hoguet	Mrs. Rainsford
Mrs. Lambert	Mrs. Hoyt

Mrs. Auchincloss

Excuses were received from Miss Iselin.

Meeting called to order.

The minutes of the last Annual Meeting were read, and on motion duly made and seconded, were approved and ordered placed on file.

The report of the Nominating Committee was read by Mrs. Lambert, Chairman, as follows:

President	Mrs. Osborn
1st Vice President	Mrs. Whitelaw Reid
2nd Vice President	Mrs. Blagden
Secretary	Mrs. Aldrich
Treasurer	Mrs. Auchincloss
Asst. Treasurer	Mrs. Tucker Bispham

On motion duly proposed and seconded, the Secretary was directed to cast one ballot for the election of the entire ticket.

The Treasurer's Report as appended was accepted and ordered placed on file.

It was moved, seconded and carried, that the lease of Osborn Hall for \$1.00 a year, to the Alumnae Association, be renewed for one year, with the addition of a cancellation clause.

The following resolution was moved, seconded and carried:

WHEREAS the City authorities and Board of Managers of Bellevue and Allied Hospitals have practically decided on the definite limits of the new

Bellevue, and have fixed the number of one thousand nurses for the Nursing Service, and have considered plans for the enlargement of the present Residence, and have rejected them as impractical, except the probable condemnation and acquiring of the Buildings known as Osborn Hall and the Annex, and the land appertaining thereto, including the vacant lot on 25th Street, all owned by the Society of the Bellevue School. Be it therefore

RESOLVED that should any immediate action be necessary by this Board, relative to the sale or transfer of said property, that the officers of the Society be authorized to act for said Board, to sign any papers, or take such action as might be necessary.

On motion the Annual Meeting was adjourned.

Respectfully submitted,

PRISCILLA AUCHINCLOSS,
Secretary pro tem.

PROPERTY OF BELLEVUE TRAINING SCHOOL FOR NURSES

Mary deWitt Cuyler Fund\$26,500

Income used for sick nurses.

Edith Summer Camp and Endowment Fund:

Property in Connecticut at Belle Isle.

Endowment Fund\$16,500

Income used for above Vacation Camp for
Nurses.

Mrs. Wm. Preston Griffin Fund:

Legacy of \$1,000.

Income used for prizes.

Unrestricted:

Invested funds, stocks and bonds amounting to.....\$79,700

Income used for general expenses.

REAL ESTATE

Osborn Hall—A six-story building with a frontage of 110 feet on 26th and 125 feet on 25th Street.

The building is used by the Alumnae Association for a Club House. It accommodates approximately 185 guests, besides an Assembly Hall, Reception Rooms, Office, the Alumnae Registry and Osborn Hall Store.

The Annex—An eight-story building with a 50 foot frontage on 26th Street, 100 feet deep and a vacant lot in the rear 100 feet deep and 25 feet wide, fronting 25th Street, accommodates 82 guests and is at present rented to the city to house graduate nurses.

The use of the lot for playground purposes is given to the Tuberculosis Division of the Hospital.

MRS. J. H. AUCHINCLOSS, *Treasurer*,
The Bellevue Training School for Nurses, Inc.,
440 East 26th Street,
New York, N. Y.

PRISCILLA S. AUCHINCLOSS,

Treasurer.

REPORT OF THE ALUMNAE ASSOCIATION OF THE BELLEVUE TRAINING SCHOOL FOR NURSES 1927-1928

We have the honor of making the following report of the activities of the Bellevue Alumnae Association for the year 1927-1928.

The Treasurer's report gives the following information in regard to our finances.

Through our Benevolent Funds which are as follows:—

The Keteltas, Jane A. Delano, and the Mary DeWitt Cuyler Funds, the Alumnae has been able to distribute during the year one thousand six hundred eleven dollars (\$1,611.00) to sick and needy nurses, including one hundred and fifty six days (156) of special nursing care to our sick members in Bellevue.

Seven hundred dollars (\$700.00) has been sent in gifts to other members some of them living at a great distance and also to younger members living in the vicinity.

Thirty-two (32) members have drawn benefit from the Sick Fund during the year, and we have received one thousand two hundred dollars (\$1,200.00) annual dues for the Sick Benefit Fund.

In this Fund we have four thousand seven hundred dollars (\$4,700.00) in reserve, in case of epidemic or emergency, and all legitimate claims during the year have been promptly paid.

The Pension Fund now amounts to about sixty thousand dollars (\$60,000.00). Thanks to Miss Paulding and her friends and through her untiring efforts and the enthusiastic work of the Entertainment Committee, two thousand dollars (\$2,000.00) was added to the Pension Fund this year, from the Bazaar sales and other gifts.

During the Bazaar we received five (5) new members.

Ninety (90) members are now drawing a small stipend twice a year.

THE CARRIE J. BRINK SCHOLARSHIP FUND.

There have been no disbursements from this Fund during the year. Our Treasurer's records show the amount of the Fund,

as of January 1, 1928, to be four thousand five hundred eighty-nine dollars and eighty cents. (\$4,589.80).

Miss Rottman has been appointed Chairman of this Fund by a vote of the Alumnae, and she recommends that this Fund be turned into a Loan Fund, the interest to be used as a loan to nurses who desire to study advanced nursing education for special work.

GIFTS AND DONATIONS DURING THE YEAR.

To the National Red Cross for Flood Relief.—\$200.00

To the National Nurses Relief Fund.—\$125.00

To the Presbyterian Hospital toward the endowment of a bed for Nurses at the Medical Center.—\$100.00

Pledged to the Committee on the Grading of Training Schools, one thousand dollars (\$1,000.00) to be paid in installments over a period of five years. The first installment of two hundred dollars (\$200.00) has been paid.

To the students year book "The Crane."—\$50.00

The Annual Roll Call of the Red Cross was taken care of by Miss Tashjian, and Miss Doherty, and one hundred fifty dollars (\$150.00) was received on Roll Call registration, and forwarded to the office of the Red Cross Association.

The Alumnae Dinner to the graduating class was a great success, due to the efforts of our entertainment committee and the co-operation of our Business Manager.

We sent one delegate to Rochester to attend the State Nurses Convention.

THE BULLETIN.—Miss Ethel Bacon, as Chairman of the Bulletin Committee, has worked very hard to make our little magazine, both, interesting and newsy, and she has succeeded remarkably well judging from letters received from our distant members. They feel that this little monthly issue of ours, keeps them in touch with their Alma Mater in a very effective way, and they look forward with pleasure to the coming of the next issue. So let us continue our little paper.

Total Alumnae Membership.....	800
Marriages	15
Deaths	9
New Members	50

During the year we received a bequest of four hundred seventy-six dollars (\$476.00) to be used for any Bellevue Nurse suffering from incipient tuberculosis, left by the will of Miss

Ebba Melin, one of our nurses who for several years was a member of the Bellevue Social Service Department. The cause of her death was tuberculosis.

FINANCE COMMITTEE.—Miss Reading, Chairman, accepting the recommendations of our Auditor Mr. C. K. Etherington, authorized re-organization of our bookkeeping system. New record books have been installed to give accurate control of our Finances; this being necessary as the sum total of our Funds amount to over one hundred thousand dollars. However, the greater part of this amount sixty thousand dollars (\$60,000.00) belongs to the Pension Fund.

We are indebted to Miss Pentland our retiring Treasurer for the excellent work she has done during her term of office, and for the interest she has taken in putting into practice our new system of accounting.

The Alumnae is greatly indebted to Miss Ryan for her co-operative spirit and her economical management of Osborn Hall.

To our Entertainment Committee we give a vote of thanks for the splendid work done during the year. Their affairs were always attractive and enjoyable.

Miss Gallery's Reports have shown an intelligent interest in her work, and the number of calls received in our Registry compares favorably with other Registries in the same class.

During the past year the Alumnae has rented twenty (20) additional rooms to the City and has been informed that in the near future the City will require the entire building for additional Nurses.

We are all sorry to lose Osborn Hall but our hearts are filled with appreciation and gratitude for having had it for so many years.

We thank the Board of Managers of the Bellevue Training School for Nurses, for the friendly interest they have taken in the affairs of our Alumnae; and also take this opportunity of thanking their President, Mrs. William Church Osborn, for the many favors bestowed upon the Nurses both, students and graduates.

We consider Mrs. Osborn has been and still is a real benefactor and friend to the Bellevue Training School for Nurses and its Alumnae.

Respectfully submitted,

LUCY A. BANNISTER,

President.

THE SWIMMING POOL

A SWIMMING TEAM

REGISTRY REPORT

May 1927 — May 1928

During the year, the Registry records 4034 calls.

Physicians	1,319	
Bellevue	1,701	
Other Hospitals	716	
Hourly Nursing	54	
Camps	8	
Institutional	236	4,034

It is interesting to note in examining the quality and source of the calls, that those from hospitals far exceed those from private sources. Also the calls for night nurses, exceed those for day. We have had 1925 requests for night nurses, 1656 for day and 160 for 24 hour duty.

Hourly nursing does not seem to have gained in popularity, altho the number of calls have a small majority over those of last year.

In November, 1927, the Registry was notified by the Dept. of Licenses of an amendment to the Employment Agency Law, enacted by the State Legislature of 1927, which compelled us to provide a license. This question has caused considerable discussion among registeries functioning under the auspices of Alumnae Associations instead of under the Management of the Hospital authorities. The Registry Committee and the Associated Registry Group have held several meetings regarding this ruling.

During the early autumn, we experienced a dull period in the registry, but the winter and early spring have been unusually busy, and we were obliged to call outside registeries to fill our calls.

Although a number of nurses remain on our files throughout the year, the number of nurses on private duty, is constantly changing. We have maintained, however, a personnel of over 200 members.

Respectfully submitted,

MARGARET R. GALLERY.

Registrar.
